

Dear Clergy:

The Church Pension Group is striving to help The Episcopal Church move closer to [Becoming Beloved Community](#), but there's just one thing. We need to hear from you!

We're collecting demographic data on clergy diversity within the Church and your voice is needed. Why? We don't have the full picture. For example, overall differences in compensation by race and ethnicity are small – but when combined with gender, significant gaps among dioceses are starting to emerge. Even dioceses in the same region!

Your participation ensures that reports on ordination, deployment, and compensation are precise and reliable. We need your support.

Please follow these three easy steps to provide your information:

1. Log in to [MyCPG Accounts](#) 
2. Click "Clergy Information"
3. Go to "Church Reporting"

[GET STARTED](#)

Faithfully,

The Rev. Canon Arlette Benoit Joseph
Senior Vice President
Church Relations

PS: You can learn more about this initiative [here](#). Please share this email with your clergy colleagues and join us in this significant data-collection effort. It will benefit the Church now and in the future.
